Index to MACHINERY, Volume 50

- A**
- "Abrasive" Cut-off Machine Oct. 202
Abrasive Belt, Segment-face Contact Wheel Nov. 224
Driving Nov. 224
Abrasive Cone Adapter for Removing Burrs Dec. 204
Abrasive Machine Tool Co.:
Manufacturing Type Plain Milling Machine Nov. 214
Absenteeism by Unique Methods, Brown & Sharpe Handles Sept. 208
Acme Industrial Co.:
Thread Pick-up Projector for Thread Grinding Apr. 197
Acme Marking Equipment Co.:
"Met-L-Etch" Method for Marking Metal May 180
Acromark Co.:
Machine for Marking Two Sides of Hexagonal Nuts Simultaneously June 217
Adapter for Screw Machine, Boyar-Schultz Tool June 217
Adapters, Weddell Flywheel Arbors and May 212
Addicks, W. E., Personal of Nov. 236
Adhesion of Finishes, Compound that Prevents Rust and Improves Mar. 217
Aero Corporation:
Multi-grip Chuck Apr. 202
Aero Tool Co.:
Countersink with Micrometer Stop May 212
Aget-Detroit Co.:
"Benchkop" Self-contained Dust-collecting Unit Feb. 204
Ahlers, Walter C., Personal of Mar. 248
Air Compressor, see Compressor
Air-Conditioning and Refrigeration Fields, Prospects in, Willis H. Carrier Jan. 143
Air Motor Designed to Motorize Hand-operated Units, Bellows July 238
Air Reduction Sales Co.:
Airco Coated Aluminum-bronze Electrode Apr. 208
Portable Weld-testing Machine July 218
Air Unit for Operating Bench Vise, Compressed May 216
Air Valve, Anker-Holth Foot-operated Dec. 220
Aircraft-engine Cylinder Barrels are Being Centrally Cast on Ford Production Line Aug. 144
Aircraft-engine Manufacturer, Production Control in, Paul J. Bastian Mar. 205
Aircraft Factory Work in England, Film Showing Mar. 254
Aircraft Gun Mount, Machining Vital Parts of the 90-mm. Anti-Hobbrook L. Horton Oct. 159
Aircraft Gyroplot, Working to "Tenths" on the Sperry, George A. Richroath Aug. 152
Aircraft Industry—Unpredictable but with Unlimited Possibilities, E. E. Wilson Jan. 150
Aircraft-Marine Products, Inc.:
Solderless Electrical Connections May 204
Aircraft Production, Text-books on Mar. 213
Aircraft Structural Parts, Lockheed Practice in Stretching, F. C. Hoffman Sept. 149
Aircraft Tools, Inc.:
Countersink with Micro-set Stop June 220
Aircraft Equipment Co.:
Spinner Riveter with Pressure Pad Nov. 226
"Aircrip" Two-jaw Compensating Chuck Mar. 236
"Airkooled" Worm-gear Speed Reducer, Philadelphia July 232
"Air-O" Chucking Fixture, Zagar June 214
"Air-O-Limit" Gage for Inspecting Bores, Pratt & Whitney Nov. 207
Alrop, Inc.:
Toggle Clamp Oct. 208
Airplane Blade Fairings, Novel Rotary Curing Machine for May 151
Airplane Engine Mounts, Drilling Navy Fighter, William J. Horton May 170
Airplane Engines for the B-29 Superfortresses, Wright Aero Products, K. E. Sutton Aug. 134
Airplane Manufacture, Production Short-cuts in, Ralph H. Ruud Feb. 141
Airplane Spars, Carriage-mounted Drills for Drilling July 224
"Air-Rester" Dust Collector for Grinding and Polishing Equipment June 200
Alexander, Vincent K., Personal of Mar. 254
"All-Weather" Type Welding Machine, Wilson Feb. 210
Allegheny Ludlum Steel Corporation:
Motion Picture Entitled "Welding Stainless Steel" Nov. 230
Allen, C. B., Personal of Apr. 216
Allen, Jack E., Personal of Mar. 250
Allen, Russell M., Personal of Mar. 252
Ampac 400-Ampere Welder Oct. 196
Allison Tool & Engineering Co.:
Collet Chuck Mar. 244
Alloy for Setting Diamonds in Tools Feb. 188
Alloy-Sprayer Co.:
Low-cost Metal Spray Prolongs Life of Wood Patterns and Core-boxes Feb. 163
Alloys for Improving Cast Iron, Two Ladle Inoculation Aug. 190
Alronox Process for Blackening and Protecting Zinc Surfaces May 186
Alrore Chemical Co.:
Alronox Process for Blackening and Protecting Zinc Surfaces May 186
Aluminum and Magnesium in Post-war Industry, Jay M. Sharp June 153
Aluminum at Cutting Speeds up to 19,000 Feet a Minute, Milling, J. S. Haldeman Mar. 176
Aluminum-bronze Electrode, Airco Coated Apr. 208
Aluminum-bronze Electrode, Wilson Coated May 210
Aluminum Bronze; High-iron, High-nickel, Extruded Sept. 177
Aluminum Co. of America:
Light-weight Metals in Post-war Industry June 153
Aluminum, Electrode for Arc-welding June 222
Aluminum Foundry, Casting Rolls Royce Cylinder Blocks in Buick's \$10,000,000, William G. Mixer Aug. 162
Aluminum Made Possible by New Method, Chromium-plating of Sept. 165
Alundum Abrasive Wheel, Norton Mar. 238
Amalgamated Engineering & Research Corporation:
"Torkontrol" Universal Centrifugal Clutch Dec. 210
American Broach & Machine Co.:
Pull Type Head for Keyway Broach Nov. 221
Pull-head for Small Round-shank Broaches Mar. 234
American Car and Foundry Co.:
Making Shells for the Largest Mobile Howitzer in the World Sept. 133
Forming Hopper Sheets for Coal Cars Sept. 212
Welding Brake-rods in a Car Shop Feb. 214
American Diamond Tool & Gauge Co.:
Visual Diameter Control Grinding Gage Aug. 208
American Foundry Equipment Co.:
"Monorail-Spray" Metal Washing Machine July 220
American Gear Manufacturers Association:
Gear Manufacturers Continue Standardization Activities Nov. 185
Annual Meeting Held in Rye, N. Y. June 189
New Officers Elected July 205
American Machine Tool Distributors' Association:
Post-war Problems Considered at Meeting in Canada Nov. 187
Spring Meeting Held at French Eick, Ind. June 189
American Optical Co.:
Motion Picture Entitled "Right on the Nose" Nov. 230
"Noviweld-Didymium" Lenses for Welders Jan. 208
Plastic Safety Goggles for Industrial Workers May 210
Facets for Industrial Respirators June 222
Light-weight Safety Goggle Aug. 226
American Pulley Co.:
"Speed-Jack" Variable-speed Transmission June 220
American Silver Producers' Research Projects: Thickness of Silver-brazed Joints Jan. 206
American Society for Metals:
National Metal Congress Concentrates on War Work Nov. 186
American Society of Mechanical Engineers:
Robert M. Gates Elected President of Society Oct. 173
Joint Meeting with Canadian Engineers in Toronto Nov. 186
American Society of Tool Engineers:
Semi-annual Meeting Held in Indianapolis Nov. 187
Annual Meeting to be Held in Philadelphia Feb. 186
Annual Meeting of Society Apr. 147
New Officers Elected May 171
American Standards Co.:
Florian "Jiffy" Wheel-dresser Apr. 208
Florian Sine Angle-plate Aug. 210
American Standards Association:
Standards for Flat Sheets and Wire Sizes Sept. 222
Revised Code for Abrasive Wheels Nov. 184
Twenty-five Years of Service Completed, Jan. Standard for Pipe Plugs, Bushings, and Caps Jan. 208
Standards Adopted for Machine Tool Parts Feb. 166
Safety Standards for Welding and Cutting Aug. 226
American Steel & Wire Co.:
Stitching Wire Aids Aircraft Fabrication June 177
American Welding Society:
Motion Picture on Welding Procedure Aug. 223
Ameripol Rubber Applicable for Low-temperature Use Sept. 177
Ameco Metal, Inc.:
High-iron, High-nickel, Extruded Aluminum Bronze Sept. 177
Amundsen, A., Personal of Nov. 236
Anderson Bros. Mfg. Co.:
Hydraulic Straightening Press Dec. 206
Carboloy-tipped Scraper Blades Mar. 236
Hydraulic Power Press with Traveling Ram May 204
Laboratory Press June 210
Anderson, Ernest H., Personal of July 250
Anderson, Harold A., Personal of June 231
Anderson, Paul:
Dimension Stamped on Plate Fastened to Lathe Head Simplifies Tool Setting Aug. 228
Angle Computer Co.:
Studier Angle Computer Dec. 214
Angle Computer, Studier Dec. 214
Angle-plate, Barco Combination Surface Plate and Aug. 212
Angle-plate, Florian Sine Aug. 210
Angle-setting and Measuring Device, "Bem-sine" Aug. 206
Angle Wheel-dresser, Sine Dec. 216
Angular Holes in Small Parts, Jig for Drilling, Ken Hirst June 186
Anker-Holth Mfg. Co.:
"Hi-Po" Supercharged Hydraulic Power Unit Sept. 192
Foot-operated Air Valve Dec. 220
High-pressure Hydraulic Fittings Mar. 222
"Airgrip" Two-jaw Compensating Chuck Mar. 236
Anodizing and Plating; Expediting Curtiss-Wright Heat-treating, E. K. Fry July 192
"Anozine" Coating for Zinc July 192
Appleton, Clifford D., Personal of July 252
Apprentices, see also Training, Education, School, Vocation
Arbor Designed to Insure Concentricity, Lathe, Edward Lay June 187
Arbors and Adapters, Weddell Flywheel May 212
Arbors and Noses for Milling Machines, Standard for Feb. 166
Arc Welding, see Welding
Archer, Robert S., Personal of May 224
Armatures, Compound for Use in Balancing Motor Mar. 217
Armstrong, Albert H., Obituary of July 256
Armstrong-Blum Mfg. Co.:
Marvel Universal Hack-saw for Cutting off and Trimming Large Billets and Forgings Jan. 188
Arnold, R. S., Personal of Nov. 236
Arnott, Alex S.:
New Type Drill Jig Designed for Quick Loading Apr. 173
Contour Follower Gage for Inspecting Irregular Profiles Aug. 188
Aro Equipment Corporation:
Pneumatic Drill with Plastic Case Sept. 204
Impact Wrench Aug. 214
Assembly Fixture for Increasing Production Sept. 162
Association of American Railroads:
Solving Post-war Problems of American Railroads Jan. 158
Aten, David M., Personal of Sept. 222
Atherton, A. L.:
Maintaining Quality Control of Machined Parts Jan. 167
Atkinson, Luther H., Personal of Dec. 232
Atlantic Abrasive Corporation:
Grinding Wheel for Synthetic Rubber Products Apr. 210
Atlantic Adjustable Limit Gages June 220
Atlantic Emergency Plug Gage Blanks July 244
Atlas Welding Accessories Co.:
Identifying Welder's Work in Large Plants Sept. 214
Attachment for Precision Worm-wheel Hobbing, Simple, Edward Lay May 184
Attachments Developed for Wickman Swiss Type Automatic Mar. 222
Attachments that Increase Versatility of High-production Grinding Machines, H. E. Balsiger Feb. 147
Austin Company, The:
Outlook in Construction Industry is Promising Jan. 160
Australian Industry Pioneered in Tank Production Mar. 171
Automatic, Attachments Developed for Wickman Swiss Type Mar. 222
Automatic Indexing Fixtures, Increasing Production with June 147
Automatic Machine for Processing Cylinder Blocks, Cross Aug. 195
Automatic Machinery Needed More than Ever after the War Mar. 200
Automatic Screw Machine, see also Screw Machine
Automobile Executive Looks at Post-war Planning, Charles F. Kettering Jan. 140
Automotive Industry, The War Job of the Aug. 218
Avery, John, Personal of May 226
Axes of Rolling Stock by Burnishing, Refinishing, A. W. Whitford Mar. 209
"Axonograph"—a Device for Making Three-dimensional Drawings Aug. 218
B
Babbitts Developed as a Substitute to Save Tin, Silver Dec. 178
Back-and-forth, Porter-Cable Dec. 210
Backlash, Lead-screw Nuts Designed to Eliminate Aug. 220
Backlund, Eric E., Personal of Nov. 236
Bailey, Alex D., Personal of Aug. 232
Bailey Meter Co.:
Pneumatic Contour Control Simplifies Precision Machining of Formed Work Apr. 212
Bakelite Corporation:
Plastics Having a Low Phenolic Content Sept. 177
A High Impact-strength Bakelite Plastic Apr. 170
Baker Brothers, Inc.:
Multiple-spindle Automatic Drilling and Boring Machine Feb. 190
Vertical Hydraulic-feed Drilling and Boring Machine with Auxiliary Horizontal Unit July 218
Balancing Equipment, Davey Portable Dynamic Feb. 198
Balancing Equipment, Pope Grinding-wheel Mar. 232
Balancing Machines, High-speed Jan. 196
Balancing Motor Armatures, Compound for Use in Mar. 217
Baldt Anchor, Chain & Forge Co.:
Producing a Drop-forged Die for Chain-link Member Sept. 214
Anchor Shank Forging Cut to Length by Marvel High-speed Saw Feb. 175
Baldwin, James P., Personal of Feb. 218
Baldwin Locomotive Works:
Seventy-thousandth Locomotive Completed by Company Mar. 246
Gage-point Punch Aug. 210
Ball-bearing Retainer Rings for High-speed Bearings, Plastic Feb. 175
Ball Bearings, A Proposed Method of Cleaning Ground-in Precision, W. B. Spooner, Jr. May 167
Ball Bearings, Pivot Type Precision Aug. 204
Ball Checking Machine, Sheffield Oct. 190
Ball-groove Grinding Machine, Formed-wheel Oct. 192
Ball Reciprocating Bearings, High-capacity, S. R. Thomas Oct. 175
Balsiger, H. E.:
Attachments that Increase Versatility of High-production Grinding Machines Feb. 147
Band-saw Blades, Grob Self-seating Guides and Lubricator for Apr. 182
Banfield, Richard W., Personal of Feb. 216
Bantam Bearings Division of Torrington Co.:
High-capacity Ball Reciprocating Bearings Oct. 175
Barco Scraping Co.:
Combination Surface Plate Aug. 212
Bartwell & McAlister, Inc.:
Threaded Insert with Locking Ring July 246
"Bar-Lok" Heavy-duty Vise Aug. 208
Barnes Co., Inc. W. O.:
Hack-saw Production Calculator Dec. 222
Barnes Co., W. F. and John:
Automatic Grinding Machine for Generating Optical Curves Apr. 194
Barnes Corporation, John S.:
Special Hydraulic Forming and Drawing Machines June 193
Barnes Drill Co.:
Hydraulic Production Drilling Units May 196

Barrett-Cravens Co.: "Multiduct" Die Table	Feb.	212
Barry, John B., Personal of	Sept.	220
Bases for Sundstrand Rigidmils, Automatic Indexing	Jan.	184
Bastian-Blessing Co.: Rego Karwell Driller	Sept.	192
Bastian, Paul J.: Production Control in Aircraft-engine Manufacture	Mar.	205
Bath Co., Cyril: Contouring Machine for Producing Irregularly Curved Members	Oct.	194
Jaws for Universal Rotary Stretching or Contour Forming Machine	Mar.	234
Battelle Memorial Institute: Increasing the Service Life of Lathe Beds	Jan.	175
Baum, Dr. Nathaniel, Personal of	Dec.	229
Bay State Abrasive Products Co.: Improved Center Lapping Points	May	200
Beach, W. L.: Thermo-elastic Forming Airplane Parts from Phenolic Plastics	July	182
Bear-Islee, K. R., Personal of	Oct.	220
Bearing, see Ball, Roller, Needle, etc.		
Beatty Machine & Mfg. Co.: Self-contained Hydraulic Joggling Press	Dec.	208
Hydraulic Straightening and Forming Press	Feb.	210
Gap Type Hydraulic Press	July	217
Beatty, William R., Obituary of	Nov.	238
Bechtel, J. F., Personal of	Jan.	210
Beds, Increasing the Service Life of Lathe, Jan. Behr, Leroy K., Personal of	Sept.	220
Behr-Manning Corporation, Division of Norton Co.: Abrasive Cone Adapter for Removing Burrs	Dec.	204
Bell, Jr., Fred, Personal of	May	222
Bell, Mrs. L. A., Obituary of	Mar.	201
Bellows Co.: Automatic Air-operated Milling Machine	Dec.	212
Electrically Controlled Air Power Feed for Converting Drill Press into Automatic Tappers	May	208
Air Motor Designed to Motorize Hand-operated Units	July	238
Belt, Segment-face Contact Wheel for Driving Abrasive	Nov.	224
Belt Surface Grinding Machine, Porter-Cable	June	212
Belt, Wet	Dec.	179
Belting Made from Synthetic Rubber, Industrial	Dec.	153
Belting, Synthetic Rubber	Apr.	179
Bemis, Frank W., Personal of	July	252
"Bemisine" Angle-setting and Measuring Device	Aug.	206
Bench, Hydraulic Test	Jan.	186
"Benchkop" Self-contained Dust-collecting Unit	Feb.	204
Bender, Di-Acro "Double-action"	Oct.	200
Bending Machine, Leonard-Douglas Tube	Aug.	226
Bending Machine, Struthers Wells Tangent	July	200
Bending Machine, Universal Pneumatic Jaw for Huford Hydraulic	Apr.	208
Bending Machine, Wallace Portable Automatic	Sept.	190
Bentling Preformed and Extruded Sheet-metal Sections, Thomas T. Tobin	Apr.	139
Bentmaster Re-bending Machine	Aug.	200
Bennet, R. W.: How to Chromium-plate for Greater Tool Life	Mar.	190
Bensley, M. D., Personal of	July	256
Berward, John P., Personal of	Apr.	212
Berry, E. L., Personal of	Feb.	216
Besly & Co., Charles H.: Parallel Surface Precision Grinding Machine	Apr.	180
Best Tools Corporation: Radius and Angle Grinding Wheel Dresser	July	249
Bethlehem-Fairfield Shipyard: Largest East-coast Producer of Liberty Ships	Dec.	138
Bevel-gear Pinion, Multiple Milling Fixture for Cutting Special G. F. Groschke	Oct.	168
Beveling Flat Aluminum-alloy Sheets, Onsrud Milling Machine for	Feb.	194
Bilgram Gear & Machine Works: Reel Gear Generator	May	202
Billings & Spencer Co.: Seventy-fifth Anniversary Celebrated	Aug.	224
Birchboro Steel Foundry & Machine Co.: Hume Castings for Naval Vessels	Nov.	164
Bits, Stellite Round Tool	July	244
Blomberg, S. O., Personal of	Feb.	216
Blackening and Protecting Zinc Surfaces, Process for	May	186
Blackening Steel Parts, Penetrating Salt Bath for	Jan.	179
Blake, Carl: Turning Worn High-speed Steel Tools with Cemented Carbide	Nov.	198
Blake Co., Edward: Ten Grinding Machine	Sept.	190
Blanking Dies, Dayton Rogers Cushion	June	202
Blanks, Atlantic Emergency Plug Gage	July	244
Blatchford, Charles L., Personal of	July	250
Blies Co., E. W.: Mechanical Trimming and Reducing Presses	Oct.	194
Electro-equipped Hydraulic Forging Press	Nov.	218
Hume Hydraulic Press for Automatic Cycle Operation	Aug.	204
Bliss, S. C.: Effect of Tooth Clearance on Milling Cutter Performance	Nov.	182
A Method for Determining Speeds and Feeds for Milling Operations	Feb.	153
"Blue Flash" Center Lapping Points, Improved	May	200
Blum, Frank M., Personal of	May	226
Boats, Synthetic Rubber Invasion	May	218
Bodine Corporation: High-speed Automatic Not-tapping Machine	Oct.	192
Boeing Aircraft Co.: Stretch-forming Rolled and Extruded Shapes	July	146
Bohan, J.: Lathe Set-up for Drilling Accurately Spaced Holes	Aug.	191

Boice-Crane Co.: Oscillating Handle Sander	Sept.	193
Bolt-head Drilling Machine and Multiple Collet Fixture	Mar.	229
Bomba, Manufacturing Tails for	Feb.	180
Bonding Method for Metal and Other Materials, New	Sept.	171
Bore Diameter, Sheffield Standardized Air Gages for Checking	June	212
Bores, Pratt & Whitney "Air-O-Limit" Gage for Inspecting	Nov.	207
Boring a Ship's Propeller Under a Radial Drilling Machine, Taper	Jan.	166
Boring and Facing Machine, Portable	Sept.	192
Boring-bars, "Mikro-Lok"	Sept.	202
Boring Head, "Regent" Facing and	Dec.	212
Boring Machine, Baker Multiple-spindle Automatic Drilling and	Feb.	190
Boring Machine, Century Precision	July	230
Boring Machine, Gilbert Drilling and	June	196
Boring Machine, LeMaire Special Three-way	Oct.	196
Boring Machine with Auxiliary Horizontal Unit, Baker, Vertical Hydraulic-feed Drilling and	July	218
Boring Mill, Special Work-holding Clamps Increase Capacity of, Harry A. Schreiber	Feb.	188
Boring Mill with Push-button Control, Shields	Feb.	196
Boring Tools, Kennametal	Nov.	207
Boston Navy Yard: Boston Navy Yard in Time of War	Nov.	140
Boston Tool & Die Co.: "Bemisine" Angle-setting and Measuring Device	Aug.	206
Bottlenecks War Production	Aug.	252
Bowen, Rear Admiral H. G., Personal of	Mar.	236
Bower, Harvey B., Obituary of	June	236
Bowman, George D.: Joshua Hendy Now Makes Turbines for Fast Merchant Ships	Dec.	146
Taper Line-reaming Ship Drive-shaft Flanges	Mar.	195
Bowman, Henry R.: Bullet Profile Problem	Aug.	228
Boyer-Schultz Corporation: Universal Tool-bit Grinding Fixture	Jan.	192
Tool Adapter for Screw Machine	Jan.	217
Brainard, Millar, Personal of	Sept.	220
Brannan, R. C., Personal of	July	256
Brazed Joints, Thickness of Silver	Jan.	206
Breuer Electric Mfg. Co.: "Formade" Electric Writing Tool	Sept.	190
Bridgeport Safety Emery Wheel Co.: "Abrasive" Cut-off Machine	Oct.	202
Bristol Co.: Dilatometer for Recording Data on Metals Tested in Split Furnace	Apr.	197
British Gear Manufacturers Association: Organization Formed in Great Britain	May	169
British Machine Tools Produce War Equipment in the United States	Sept.	222
Broach, Pull Type Head for Kerway	Nov.	221
Broach-sharpening Machine, Improved	Aug.	198
Broaches, Pull-head for Small Round-shank	Mar.	234
Brook, E. W., Personal of	Dec.	234
Brodell, N. H., Personal of	June	254
Brogan, Frank J., Personal of	July	254
Bronze; High-iron, High-nickel, Extruded Aluminum	Sept.	177
Bronzes, Silver Additions Improve	Dec.	226
Brooke, G. Clymer, Personal of	July	256
Brown, A. J., Personal of	Nov.	234
Brown Corporation, W. R.: Improved Air Compressor	Oct.	211
Brown Pinture Co.: New Design of Fintubes for Increasing Heating Efficiency	Sept.	210
Brown Instrument Co.: Maintenance and Repair Courses	June	236
Brown, Richard P., Personal of	Nov.	238
Brown, Robert, Personal of	Jan.	214
Brown & Sharpe Mfg. Co.: Absenteeism Handled by Unique Methods	Sept.	208
High-speed Milling Tests	Sept.	208
Step-grinding Cylindrical Work is Simplified by Using Multiple Stops	May	218
Increasing Production with Automatic Indexing Fixtures	June	147
Browning, Ralph R., Personal of	June	232
Brunge, B. J., Personal of	Mar.	248
Bryant, George A.: Outlook in Construction Industry is Promising	Jan.	160
Bucey, Bowd K.: Boeing Technique in Stretch-forming Rolled and Extruded Shapes	July	146
Bucking-bar Development Expedites Production	July	188
Riveting, Consolidated Vultec. E. P. Myers	July	188
Buerk, Ben, Personal of	May	224
Buffalo Forge Co.: Huge Billet Shear	Apr.	188
Buffing Machine, Packer-Matic Continuous Rotary Grinding and	Sept.	193
Buffing Wheel, see Wheel		
Bullard Co.: Multi-Au-Matic Built to Handle Large Work	May	194
Bullet Profile Problem, Henry R. Bowman	Aug.	228
Bullets in Gun Barrels, X-ray Pictures of	Feb.	214
Burdick, J. W., Personal of	Oct.	220
Burditt, Sr., William F., Personal of	July	252
Burges, Charles M., Personal of	Jan.	210
Burges, E. K., Personal of	Sept.	222
Burnishing, Refinishing Axes of Rolling Stock	Mar.	209
Burns, John B., Personal of	Feb.	216
Burr-removing Tools with Chrome-plated Pilots, Chamfering and	Feb.	205
Burrs and Wheels, Tungsten-diamond	June	217
Burr, Clayton R., Personal of	Dec.	230
Burter, E. E., Personal of	Aug.	230
Burter, Gilbert, Personal of	May	224
Butler, 3rd, William, Personal of	Jan.	214

Caldwell, G. A.: Electronics for the Machine Designer	May	135
Calliper, Vard Verrier	July	248
Camel, Leroy, Personal of	July	250
Camera, Commercial High-speed Motion-picture	Sept.	204
Camm, John A., Obituary of	Mar.	254
"Cam-O-Lok" Work-holding Clamp	Aug.	212
Campbell, Robert A., Personal of	Apr.	222
Candee, Allen N., Personal of	Feb.	218
Canton Portable Cranes	June	220
Capital are the Same, The Interests of Labor	May	152
Carbide Cutters, Milling Opposite Sides of Aircraft Engine Parts with	Feb.	152
Carbide Gage-blocks, Jausson	Aug.	196
Carbide Inserts, Thread Milling Cutters with	Aug.	214
Carbide Materials, Color-branding of	Nov.	232
Carbide Parts Formed by Hot-pressing, Large	June	152
Carbide Prolongs the Life of Core-boxes	May	169
Carbide, Reamers and Drills Tipped with	Oct.	200
Carbide Rotary Cutters, Cemented	Nov.	226
Carbide Rotary Files, Cemented	Nov.	226
Carbide Specialties, Division of Park Engineering & Tool Co.: Chrome-plated Rotary Files and Burrs	July	248
Carbide-tipped Cutters, Multiple-tool Steel Turning with, Ralph Grauzow	Mar.	186
Carbide-tipped Lathe Centers	Mar.	246
Carbide-tipped Tools	Apr.	210
Carbide, Tipping Worn High-speed Steel Tools with Cemented, Carl Blade	Nov.	198
Carbide Tools, Grinding Steel-cutting, W. L. Kennebec	Feb.	158
Carbide Tools, How to Get the Most Out of	Sept.	163
Carbide Tools on New Operations, How to Introduce	Feb.	157
Carbide Turners in Gage Devices, Boron	Dec.	192
"Carbox" Gage-blocks	Nov.	210
Carboloy Company, Inc.: Tipping Worn High-speed Steel Tools with Cemented Carbide	Nov.	198
How to Introduce Carbide Tools on New Operations	Feb.	157
Multiple-tool Steel Turning with Carbide-tipped Cutters	Mar.	186
Carbide Prolongs the Life of Core-boxes, May Large Carbide Parts Formed by Hot-pressing	June	152
Dies of Large Dimensions	Aug.	226
Carboloy Gages with Segmented Shank, Worth	Aug.	212
Carboloy-tipped Scraper Blades, Anderson	Mar.	236
Carborundum Co.: How to Secure Fine Surfaces by Grinding	Sept.	172
Carbur, Inc.: Cemented-carbide Rotary Files	Nov.	226
Carburizing, Stop-off Paint for Use in Selective	Dec.	210
Carlisle, Gerald, Personal of	Dec.	210
Carlson, Philip, Personal of	Aug.	230
Carlson, John R., Personal of	Aug.	230
Carrier Corporation: Prospects in Air-conditioning and Refrigeration Fields	Jan.	143
Carroll Sales Co.: Sine Plate for Precision Inspection Work	Jan.	202
Cartridge Cases from a Chase Brass Plant, Steel, Charles O. Herb	Oct.	137
Cast-iron Borings Used in Chemical Industry	Dec.	224
Cast Iron, Two Ladle Inoculation Alloy for Improving	Aug.	190
Casting Production Line, Ford's Centrifugal	Aug.	144
Casting Rolls Royce Cylinder Blocks in Buick's \$10,000,000 Aluminum Foundry, William G. Mixer	Aug.	162
Castings for Naval Vessels from Birchboro New Foundry, Hume, Charles O. Herb	Nov.	164
Castings, Stampings Used to Replace	May	220
Catalogue in Spanish and Portuguese, Machine Tool	Aug.	236
Cement for Repairing Metal Parts, Iron	June	188
Cement that Replaces Putty for Glass Instrument Windows	Mar.	217
Cemented Carbide, see Carbide		
Center Lapping Points, Improved	May	200
Centers, Carbide-tipped Lathe	Mar.	246
Centers, Sundstrand Improved Bench	Aug.	206
Centering Bobbin Spindle, Self	Feb.	162
Centerless Grinding Machine, Landis	Apr.	177
Centrifugal Casting Production Line, Ford's	Aug.	144
Century Electric Co.: General-purpose Protected Motor	Jan.	202
Century Engineering Co.: High-speed Duplicating Machine	Feb.	194
Precision Boring Machine	July	230
Chain Making Machine, Dial Transfer Mechanism for, Charles F. Smith	Apr.	164
Chamberland, H. J.: Unusual Case of Contour Sawing	Nov.	204
Chambersburg Engineering Co.: Unique Course in Impact Die-forming	July	205
Chamfering and Burr-removing Tools with Chrome-plated Pilots	Feb.	205
Champion Diamond Co.: Tungsten-diamond Burrs and Wheels	June	217
Chandler, Archie, Personal of	Jan.	213
Chandler, Milton E., Personal of	Feb.	216
Change-gear, see Gear		
Chapple, Jr., Bennett S., Personal of	Mar.	254
Chase Brass & Copper Co.: Steel Cartridge Cases from a Brass Plant	Oct.	137
Chaser-grinding Fixture, Oster	Feb.	196
Chatillon & Sons, John: Counting by Weighing	Mar.	254
Chatter Marks by Means of Pressure Pads, Eliminating Tool	Dec.	226

Checking Accuracy of Dial Indicator, "Clarkator" for	Nov. 222	Collet Fixture for Drilling and Milling Operations, Mead Pneumatic	Nov. 226	Corrosion Protection for Zinc and Cadmium Surfaces	Apr. 170
Checking and Sorting Metals and Alloys, DuMont Cyclograph for	Nov. 212	Collet Fixtures, Mead Pneumatic	Feb. 202	Corrosion-resistant Coating for Zinc, Anodic	June 188
Checking Circular Spacing, Instrument for	Sept. 198	Collier, George A., Personal of	Sept. 220	Cosa Corporation: Precision Universal Measuring Apparatus	Dec. 208
Checking Fixture for a Differential Unit, G. J. Straub	Nov. 188	Chromium-plating of Aluminum Made Possible by New Method	Sept. 165	Cosmoline No. 805—A Combined Rust-Preventive, Cleaner, and Fingerprint Neutralizer	Apr. 170
Checking Hobbs and Milling Cutters, Machine for	May 206	Colonial Broach Co.: "Junior" Hydraulic Presses	July 222	Costs? How Can Industry Meet Rising Manufacturing	Feb. 170
Checking Instrument, Sheffield Thread-lead, Dec. 190	Dec. 190	Improved Broach-sharpening Machine	Aug. 198	Costs, It is Easy to Forget	Sept. 210
Checking Machine, Sheffield Ball	Dec. 190	Color-branding of Caride Materials	Nov. 232	Counterboring and Spot-facing Tools, Clark Adjustable	Jan. 200
Checking Micrometers, Sav-Way Master Rolls for	Dec. 216	Color Code for Industry, Safety	June 226	Countersink Cutters, Farnham	Mar. 236
Checking Thread Milling Cutter, Machine for	Sept. 198	Combustion Control Equipment for Small Power Plants	Mar. 238	Countersink with Micrometer Stop, Aero	May 212
"Check-Matic" Designed for Automatically Checking Dimensions of Parts	July 224	Commutator Bushings on a Turret Lathe, Machining	Dec. 191	Countersink with Micro-set Stop	June 220
Chemical Industry, Cast-iron Borings Used in	Dec. 226	Commutators, Vibration Indicator Used to Inspect Roundness of	July 199	Countersinking Machine, Mercury	May 202
Chicago Precision Equipment Co.: Saw and File Attachment for Electric Drills	Aug. 216	Comparator, Federal Combination Micrometer and Dial Indicator	July 234	Coupling, Lovejoy Protected Flexible	July 232
Chips Used in Chemical Industry, Cast-iron	Dec. 226	Comparator, General Electric Magnetic	Feb. 200	Covel Mfg. Co.: Universal Cutter and Tool Grinding Machine	Oct. 198
Chirgwin, Lester D., Personal of	Sept. 218	Comparator Type Roll Snap Gages, "Limitrol"	Apr. 190	"Excel" Power Hack Saw	May 206
Chisel Grinding Machine, Double-end	Dec. 204	Comparator with Four Magnification Ranges, DoAll	Oct. 210	Covers for Machined Precision Parts, Plastic	Apr. 158
Christianson, G. L., Personal of	Sept. 216	"Compar" Solvent- and Wear-resistant Synthetic Plastics	Jan. 179	Cowling and Panel Fasteners, Improved Simlok	Aug. 214
Chrome-plated Rotary Files and Burrs	July 246	Compound, Fearless Cutting	Feb. 212	Craig, Harvey A., Personal of	Dec. 229
Chromium-plate for Greater Tool Life, How to, R. W. Bennet and C. Hastie	Mar. 190	Compound for Use in Balancing Motor Armatures	Mar. 217	Cramer, Kenneth F., Personal of	Sept. 218
Chromium-plating Cutting Tools, Development of the Art of	July 211	Compound that Prevents Rust and Improves Adhesion of Finishes	Mar. 217	Crane from Scrap, Building a 20-ton	Sept. 212
Chromium-plating of Aluminum Made Possible by New Method	Sept. 165	Compressor, Brown Improved Air	Oct. 211	Crane Hook, Transparent Plastic Model of a	Mar. 217
Chuck, Aero Multi-grip	Sept. 202	Compressor, Wheelbarrow Type Air	Mar. 210	Cranes, Budget Bridge Drive for	Oct. 196
Chuck, "Airtip" Two-jaw Compensating	Mar. 236	Computer, George H., Personal of	July 252	Cranes, Canton Portable	June 220
Chuck, Allison Collet	Mar. 244	Comstock, H. M., Personal of	Dec. 214	Crank Motion with Rest Period, L. Kasper	July 182
Chuck, DoAll Current Rectifier and Magnetic	Apr. 204	Concentricity Testing Fixture	Sept. 174	Crank-O-Lap Simplex Lapping Machine, Norton	June 196
Chuck for Holding Small Parts	Apr. 188	Concrete Increased by New Development, Resistance of	Sept. 170	Crankpin Grinding Machines, Landis Hydraulic	Oct. 185
Chuck for Radial-arm Routing Machine, Onar	May 214	Cone Adapter for Removing Burrs, Abrasive	Oct. 204	Crasnoff, V. N., Personal of	Feb. 216
Chuck for Second-operation Work, Collet	Nov. 222	Conley, William J., Personal of	Oct. 224	Crawford, Deane C., Personal of	June 232
Chuck, Le er Type	Feb. 204	Connections, Solderless Electrical	May 204	Crescent Tool & Die Co.: Precision Gages	Aug. 208
Chuck, "Match-It" Gear	Mar. 244	Connor, Don S., Personal of	Dec. 230	Cross Co.: Special Machine for Milling Notches in Retainer Ring	Apr. 196
Chuck, Walker Srvet Type Magnetic	June 194	Conservation, Government Employees Should Set Example in	Dec. 179	Automatic Machine for Processing Cylinder Blocks	Aug. 195
Chuck, Zagar Collet Speed	Apr. 194	Consolidated Aircraft Corporation: Design of Stampings to Facilitate Production:	Sept. 159	Cross-slide, Lever Type "Precision"	Oct. 208
Chucks, Landau Sensitive Multiple-spindle Drilling Head and Draw-in Collet	July 244	1.	Oct. 153	Curran Corporation: New Solvent Developed as Substitute for Carbon Tetrachloride	Sept. 176
Chucks, "Master" Collet	May 208	2.	Dec. 186	Cunningham, James D., Personal of	Oct. 222
Chucks, Redmer Collet Air	June 198	3.	Dec. 186	Curtis, William C., Personal of	May 151
Chucking Fixture, Air- or Hand-operated Collet	July 234	4.	Feb. 171	Current Interrupter for Stored-energy Welders	May 212
Chucking Machine, see also Automatic Cincinnati Gilbert Machine Tool Co.: Gillet Drilling and Boring Machine	June 196	Consolidated Steel Corporation, Ltd.: Many Types of Ships Built for War and Peacetime	Dec. 156	Current Rectifier and Magnetic Chuck, DoAll	Apr. 204
Drilling Hole in Steel Main Link for Liberty Ship	Aug. 236	Naval Gun Mounts from a Pacific Coast Ship	Feb. 131	Curtin, Michael J., Obituary of	June 236
Cincinnati Milling Machine Co.: Power Required in Milling with Negative-rake Cutters	Mar. 197	Consolidated Vultee Aircraft Corporation: Bucking-bar Development Expedites Production Riveting	July 188	Curtiss-Wright Corporation: Expediting Heat-treating, Anodizing, and Plating	July 192
Hydromatics Equipped for Profile Milling	Apr. 178	Construction Industry is Promising, Outlook in the, George A. Bryant	Jan. 160	Forming and Welding Hollow Steel Propeller Blades	Aug. 170
Cincinnati Planer Co.: Improved "Hypro" Frog and Switch Planer	Oct. 188	Container Requirements, Specially Treated Paper Bags Meet Ordnance	Sept. 177	Cut-off Machine, "Abrasive"	Oct. 202
Circle Cutting Tool, Self-clamping Adjustable	Mar. 243	Continental Machines, Inc.: DoAll Exposition of New Products	Oct. 214	Cutter Bodies, Meehanite Milling	Dec. 218
Circuit-breaker, Remote-control	Feb. 205	DoAll Band Filing Machine	Jan. 194	Cutter for Milling Buttress Threads, Taper	Apr. 208
Clamp, "Airtop" Toggle	Oct. 208	DoAll Mobile Inspection Unit	Mar. 224	Cutter, Lovejoy Insert-blade Milling	May 202
Clamp, Horizontal Toggle	June 202	Measuring to Hundred-thousandths with Vernier Gage-blocks	Apr. 161	Cutter, Multiple Thread-milling	Nov. 222
Clamp, Improved C	June 202	Current Rectifier and Magnetic Chuck, Precision Gage-blocks	Apr. 204	Cutter, Newfield Universal Fly	Aug. 214
Clamp, Quick-acting Work-holding	Aug. 212	DoAll Welder for Salvage and Extension Welding of Small Tools	June 204	Cutter Performance, Effect of Tooth Clearance on Milling, S. C. Bliss	Nov. 182
Clamps Increase Capacity of Boring Mill, Special Work-holding, Harry A. Schreiber	Feb. 188	DoAll Optical Flats and Mountings	June 208	Cutter Sharpener, Waltham	June 212
Clapp, Philip H., Personal of	Apr. 216	DoAll Line of Precision Gage Instruments	July 242	Cutters, Carbide Rotary	Oct. 200
Clark Co., Robert H.: Adjustable Counterboring and Spot-facing Tools	Jan. 200	DoAll High-speed Sawing Machine	Aug. 202	Cutters, Carbide Adjustable Hole	Mar. 210
Adjustable Hole-cutters	May 210	DoAll Comparator with Four Magnification Ranges	Aug. 210	Cutters, Farnham Countersink	Mar. 236
Clark, Earl K., Personal of	Sept. 222	Continental Motors: Hydraulic Oils for Machine Tools	June 157	Cutters, Kennametal Insert-blade	May 216
Clark, E. E., Personal of	June 231	Contour Control Simplifies Precision Machining of Formed Work, Pneumatic	Apr. 212	Cutters, Machine for Checking Thread Thread Milling	Sept. 198
Clark, George H., Personal of	July 254	Contour Follower Gage for Inspecting Irregular Profiles, Alex S. Arnott	Aug. 188	Cutters, Plan-O-Mill Multiple Thread Milling	Sept. 208
Clark Instrument, Inc.: "Clarkator" for Checking Accuracy of Dial Indicator	Nov. 222	Contour Forming Machine, Jaws for Universal Rotary Stretching or	Mar. 234	Cutters, Shearcut Milling	Apr. 202
Clark, L. A., Personal of	Sept. 236	Contour-milling Machine, Improved Automatic	Apr. 190	Cutters, Standardized Line of Thread Milling	Nov. 226
Clarke, Charles A., Obituary of	June 231	Contour Sawing, Unusual Case of, H. J. Chamberland	Nov. 204	Cutters with Carbide Inserts, Thread Milling	Aug. 214
Clarke, H. C., Personal of	June 231	Counting Machine for Producing Irregularly Curved Members	Oct. 194	Cutters with Fewer Teeth Give Better Results, Milling	May 182
Clawson & Bals, Inc.: Stuart Micromatic Visual Grinding Gage	May 216	Contract Termination Procedure, War	June 224	Cutting and Tube-cutting Machines, DeWalt Foundry Metal	Nov. 218
Cleaner, Rust Preventive, and Fingerprint Neutralizer, Combined	Apr. 170	Control and Helium-shielded Electrode-holder, General Electric Thyatron Welding	Mar. 240	Cutting Compound, Oil, see Compound, Oil	
Cleaning Ground-in Precision Ball Bearings, A Proposed Method of, W. B. Spooner, Jr.	May 157	Control Developed for Reed-Prentice Machine, Power Feed with Electronic	Oct. 204	Cutting Fluids for Machining Operations	May 187
Cleaning Steel, New Alkali Material for, May Clearance on Milling Cutter Performance, Effect of Tooth, S. C. Bliss	Nov. 182	Control Equipment for Small Power Plants, Combustion	Mar. 238	Cutting Machine, Heavy-duty Hydraulic Metal	Dec. 206
Clelland Crane & Engineering Co.: Largest All-welded Trolley Frame for Steel Mill Type Crane	June 177	Control for Furnaces, Electronic Temperature	Sept. 196	Cutting Tool Manufacturers Association: New Association Formed	Feb. 161
Clelland Industrial Tool Corporation: Emergency Truing Tool for Grinding Wheels	Jan. 202	Control for Welding Machines, General Electric	Mar. 218	Cyclograph for Checking and Sorting Metals and Alloys, Du Mont	Nov. 212
Clelland Pneumatic Tool Co.: Fiftieth Anniversary Celebrated	June 164	Control, General Electric Outdoor Alternating-current Welders and Electronic Welding	Aug. 204	Cylinder Blocks, Cross Automatic Machine for Processing	Aug. 195
Clelland Tool Engineering Co.: Circular Relief Grinder for Bent-shank Taps	Jan. 192	Control, General Electric Seam Welding	May 208	Cylinder Blocks in Buick's \$10,000,000 Aluminum Foundry, Casting Rolls Royce, William G. Mixer	Aug. 162
Cleveland Worm & Gear Co.: "Spec-laure" Worm-gear Reduction Unit, July Clutch, "Researchco" Universal Centrifugal	Dec. 210	Control, General Electric Engine Manufacture, Production, Paul J. Bastian	Mar. 205		
Coating for Coils of Rustproofing Systems, Protective	Sept. 176	Control of Machined Parts, Maintaining Quality, A. L. Atherton and Louis C. Young	Jan. 167	D	
Coating for Metal Surfaces, Insal-X Temporary Lubricant	July 175	Control Simplifies Precision Machining of Formed Work, Pneumatic Contour	Apr. 212	Daley, Charles J.: Avoiding Noise Caused by Bar Running through Screw Machine Stock Tube	Oct. 158
Coating for Zinc, Anodic Corrosion-resistant	June 188	Conveyor Wheels, Automatic Application of Lubricant	Sept. 165	Dalzen Tool & Mfg. Co.: Thread Grinding Machine	Apr. 192
Coatings, Solvent for Removing Lacquer and Other Protective	Dec. 192	Conway, Bert, Personal of	Apr. 216	Davey Portable Dynamic Balancing Equipment	Feb. 198
Coe-rane, Rear-Admiral E. L.: Building and Maintaining the Greatest Navy in History	Nov. 132	Coolant for Grinding Increases Production, Refrigeration of	Sept. 210	Davies, R. H., Personal of	Mar. 254
Code for Abrasive Wheels, Revised	Nov. 184	Coolant for High Finish, Grinding	Apr. 194	Davies, R. V., Personal of	Aug. 233
Coe, Robert L., Personal of	July 252	Cooling System for Rogers Vertical Turret Mills	Mar. 243	Dayton Rogers Mfg. Co.: Combination Reducing Regulating Valve and Pressure Gage	Oct. 206
Cold-treatment of High-speed Steel Cutting Tools, Fred W. Whitcomb	June 162	Cooler, Industrial Cutting Fluid	Dec. 210	Pneumatic Die Cushion	Dec. 214
Coleman, David A., Personal of	Apr. 216	Copp, Frank W., Personal of	Jan. 210	Identification Marking Fluid	Jan. 198
Collector for Grinding and Polishing Equipment, Dust	June 200	Corbett, William B., Personal of	Sept. 202	Stampings Used to Replace Castings	June 220
Collector, Pangborn Industrial Type Dust, Mar. Collet Fixture, Bolt-head Drilling Machine and Multiple	Mar. 220	Core-boxes, Carbide Prolongs the Life of	May 169	Cushion Blanking Dies	June 202
		Corin Mfg. Co.: Self-clamping Adjustable Circle Cutting Tool	Mar. 243	Dean, Raymond S., Obituary of	Oct. 226
		Corning Glass Works: New Manufacturing Process for Making Glass Insulation	Sept. 165	De't Expansion, Limitless	Mar. 208

Deepfreeze Division, Motor Products Corporation: Cold-treatment of High-speed Steel Cutting Tools	June 162	Drilling Accurately Spaced Holes, Lathe Set-up for. J. Bohan	Aug. 191	Employees are Paid by Taxpayers, Three Million Federal	Nov. 184
Degreasing Methods Used in Plating Departments, Metal	Sept. 180	Drilling and Boring Machine, Baker Multiple-spindle Automatic	Feb. 190	Employing Incapacitated Ex-servicemen, Plan for	Sept. 207
Demagnetizer, Combination Etcher and	Apr. 204	Drilling and Boring Machine with Auxiliary Horizontal Unit, Baker Vertical Hydraulic	Jul. 218	Employing War Veterans at the Reed-Prentice Plant	Aug. 191
Demarest, John M., Personal of	Dec. 232	Drilling and Boring Machine, Gilbert	Jun. 198	Employment for Disabled Veterans? How Can Industry Find	Apr. 131
Deuson Engineering Co.: Hydro-Oillic Fluid Motors	Oct. 212	Drilling and Milling Operations, Mead Pneumatic Collet Fixture for	Nov. 226	Employment for Returning Crippled Veterans	Apr. 146
